11 October 2023

In my early seventh decade, and after being in a Primary Care Medical Practice for over forty years, I have made a decision to move on to a more serene way of life.

For the last three years, I have been actively looking for a like-minded Physician to transition into my Practice. The search has been extensive, fraught with many almosts, "but no cigar". As such, I am planning on moving on to my next life journey..... What I call "Semi-Retirement".

My goal is to continue practicing Integrative / Functional Medicine, not as a Primary Care Physician, but rather as a Consultant / Advisor. I will no longer be participating in Insurance Programs. All consults will be on a fee for service basis (\$100 per session, prorated beyond 20 minutes). The rates approximate what I currently charge my Patients who do not have Insurance. Consults will be via Zoom / Phone. I will always be available to consult with my current patients, who are advised to establish a new Primary Care Physician, for their ongoing medical care after Thursday 12/14/23, the last day of my current Practice. New Consults / Patients, who are interested in an Integrative / Functional approach for a specific aspect of their medical issues, are encouraged.

My Consultation / Advisor Practice will begin Tuesday, 1/9/24. Zoom / Phone appointments will be scheduled Tuesdays / Wednesdays / Thursdays, between 10 AM and 2 PM. All communication will be via the E-mail [cicconeronald@gmail.com](mailto:cicconeronald@gmail.com), beginning 12/18/23.

As excited as I am to be moving on to the next phase in my career, I am already experiencing an impending sense of loss of the relationships that I have developed over the years. Hopefully, this will be mitigated by the potential future Consults that may occur with you, my current established Patients.

Be well, be safe and especially be healthy by practicing Prevention.

With Utmost Sincere Gratitude of Participating in Your Health,

*Ronald P. Ciccone M.D., P.C.*
