

18 October 2023

In my early seventh decade, and after being in a Primary Care Medical Practice for over forty years, I have made a decision to move on to a more serene way of life.....What I call “Semi-Retirement”

My goal is to continue practicing Integrative / Functional Medicine, not as a Primary Care Physician, but rather as a Consultant / Advisor. I will no longer be participating in Insurance Programs. All consults will be on a fee for service basis (\$100 per session, prorated beyond 20 minutes) (Initial New Patient Consult is \$300). Consults will be via Zoom / Phone. Payment is expected at the end of each Session.

You have expressed interest in an Integrative / Functional approach for a specific aspect of your medical issues and have forwarded Initial New Patient paper work found on my Website, RonaldCiccone.com. Also, forward a detailed Supplement & Medication list. Include dosages that you are taking and the times that you are taking your Supplements & Medications. You can refer to the attachment from Standard Process Supplement Company, if you find this template to be helpful. All communication will be via the E-mail cicconeronald@gmail.com. If it is more convenient to forward any paper work non-electronically, you may send to P.O. Box 383 Broomall, Pa. 19008.

If you desire to schedule a New Patient Initial Consult (Mondays), fill out and sign the Attached “ABN” and indicate a time that you would prefer to make an Appointment (Any Monday, beginning 1/22/24, between 9 AM and 12 Noon). Your time slot will be confirmed, or changed, as necessary, with your agreement.

Be well, be safe and especially be healthy by practicing Prevention.
